

The Weekly Jog

Volume 2, Issue 18 Jog: to nudge, to give a reminder, *jog* the memory

29th April 2008

“The New Plymouth Church Family Experiencing and Sharing the Transforming Power of Jesus.”

Awesome, incredible, tremendous stuff, great lessons and content and many more where the comments that I heard with regards to the two seminars held over the past few days or so. Have not Brad and Dewayne made an impact on, not only the members of the Church; but also those from the public who attended our, “Bible and Science” and “Light from the past” seminars.

To have the evidences put forth by Brad concerning the reliability of the creation account in the Bible and then to show where the Darwinian Theory is not only impossible but a huge deception has truly lifted faith in the Creator of the universe; for me, to another level. Really, one must have to be ignorant, blind or just plain dumb not to see, from the evidence, the truth of origins.

Think of the powerful material presented by Dewayne concerning the reliability of the inspired word of God. How archaeology blows the sceptics out of the water, when it comes to the testimonies for the case for Christ as the divine Son of God. Exploring the History and culture of early civilizations from an archaeological stand point to prove the Bible was well presented material.

I want to thank Brad and DeWayne again for leaving their families and travelling from Nashville Tennessee in the U.S.A and bringing us these two great seminars and may God bless them as they continue their work with the Focus Press organization that they founded.

“In the beginning God created the heavens and the earth.”

Allan Psalm Journal:

Psalms.6.

- 1- Pouring out the soul to God in prayer when the heart is heavy and filled with sorrow and seeking the mercy of God. David is absolutely confident that the Lord has heard his prayer. This is basically a prayer of faith in times of distress. Note also (Ps 32).

The Open Heart of A Child

Carol Hicks

After prayerful consideration, my husband decided to leave his successful sixteen-year career as a designer to enter the ministry full-time. As you can imagine, many friends and family were concerned that we were moving 800 miles away to attend a preaching school in Tennessee, far away from the familiar faces and surroundings of our native Oklahoma. Soon after we broke the news to my husband's family, we overheard our son (6 years old) consoling his grandfather over the telephone. He was assuring his Grandpa that we would keep in touch through writing letters, email and frequent telephone calls while we were away. "Besides," we heard him say, "If we don't do what God wants us to, he might send a big fish to swallow us like He did to Noah!" Granted, he chose the wrong Bible character's name, but the sentiment is on the right track.

How many of us know what God expects of us but we either choose not to do it or procrastinate until we feel 'comfortable' with the situation? What a blessing it is to see things through the eyes of child! The answer is simple: God wants us to go out and teach the Gospel . . . so that's what we will do. As children of God, I pray that we have a similar attitude when it comes to doing God's will.

Today's Verse: *"Then Jesus called a little child to Him, set him in the midst of them, and said, 'Assuredly, I say to you, unless you are converted and become as little children, you will by no means enter the kingdom of heaven. Therefore whoever humbles himself as this little child is the greatest in the kingdom of heaven.'" (Matthew 18:2-4)*

Today's Laugh: Brittany (age 4) had an earache and wanted a pain killer. She tried in vain to take the lid off the bottle. Seeing her frustration, her Mom explained it was a child-proof cap and she'd have to open it for her. Eyes wide with wonder, the little girl asked, "How does it know it's me?"
